SOIL-MIXES, SUBSTRATES

ALL-MIX

All-Mix was developed especially to be the best potting soil for organic cultivation. It consists of 20% sphagnum peat moss, 35% garden peat, 10% high quality organic worm manure, 30% perlite and 5% Pre-Mix.
- Available in sacks of 20 or 50 litres.

LIGHT-MIX

Light-Mix is an ideal potting soil for organic gardeners who want to have control over the growing process through the application of liquid fertilizers. Slightly fertilized it ensures a fast development of roots and vigorous new growth.
- Available in sacks of 20 or 50 litres.

COCO-MIX

Coco-Mix is an organic substrate that can be used in combination with special coco nutrients containing organic minerals. Coconut fibres are comprised of much air and little water; the pH falls between 5 to 6. Coco may be used in all hydroponics.
- Available in sacks of 50 litres.

PRE-MIX

Pre-Mix is a dry fertilizer comprised of 100% natural ingredients derived from organic matter, rock meal and trace elements. This microbially active blend was formulated to guarantee vigorous growth, abundant flowering, and maximum resistance to disease and fungal attack.
- Available in sacks of 5 or 25 litres.

LIQUID ORGANIC PLANT FOOD

Bio-Grow

Bio-Grow is a liquid plant food that promotes lush growth and is suitable for most all soil mixtures. It is a fertilizer and soil activator that can be used with drip irrigation systems. Bio-Grow can be used late in flowering as a plant tonic.
- Available in bottles of 500ml, 1L, 5L or 10L.

Bio-Bloom

Bio-Bloom natural bloom formula is a complete fertilizer used from the beginning of a fruit or flower production until harvest. It is packed with naturally occurring minerals, micronutrients, amino acids, and hormones of vegetable origin to ensure exuberant flowers and fruit sets. Bio-Bloom can be applied through manual watering or automatic drip irrigation systems.
- Available in bottles of 500ml, 1L, 5L or 10L.

Fish-Mix

Fish-Mix has always been a trusted friend to the organic gardener, because it conditions the soil, stimulating microbial activity and accelerating growth. Also diluted strongly in foliar spray produces spectacular results.
- Available in bottles of 500ml, 1L, 5L or 10L.

ORGANIC BIO-STIMULANTS

ALG-A-MIC

Alg-A-Mic vitality booster utilizes cold-pressed seaweed concentrate to provide an assortment of micronutrients vitamins, amino acids, and hormones of vegetable origin. Used as a soil drench or foliar spray, Alg-A-Mic increases plant health and disease resistance, while giving leaves a vibrant green color.
- Available in bottles of 500ml, 1L, 5L or 10L.

TopMax

TopMax is a 100% vegetable based organic bloom stimulator that encourages rapid cell division during flowering and increases the production of transport sugars in the fruit or flowers, resulting in a larger blossoms and fruits with enhanced flavours, oils and aromas.
- Available in bottles of 500ml, 1L, 5L or 10L.

RockJuice

RockJuice is a 100% vegetable based root stimulator that creates:

- Explosive root growth in already rooted plants.
- Accelerated nutrient uptake.
- Tolerator of high EC values.
- Stronger plants that are resistant to disease.
- Available in bottles of 500ml, 1L or 5L.

ORGANIC DRY FERTILIZER

PLANT ENERGY BOOSTER

BioHeaven is a specially formulated Plant Energy booster which contains carefully selected biological stimulants, such as amino-acids. Amino-acids are the basic building blocks for the proteins and enzymes, which are essential to the structure and the metabolism of plants.
- Available in bottles of 500ml, 500ml and 1L, 5L or 10L.
